MATON PROFESSIONAL MATCHED SOUND AMPLIFIERS

Each quality Maton unit receives up to 45 separate tests before shipment. This extreme care means that your Maton Amplifier will perform perfectly through many years of continued use. In Maton you will discover a new world of sound amplification - an experience in brilliant tonal colour never before thought possible. Each amplifier sets a standard of quality and performance for true sound - powerful and easily modulated, with a vast range of dynamic sound colour. Perfectly matched to your Maton Guitar.
