MATON FYRBYRD GUITAR

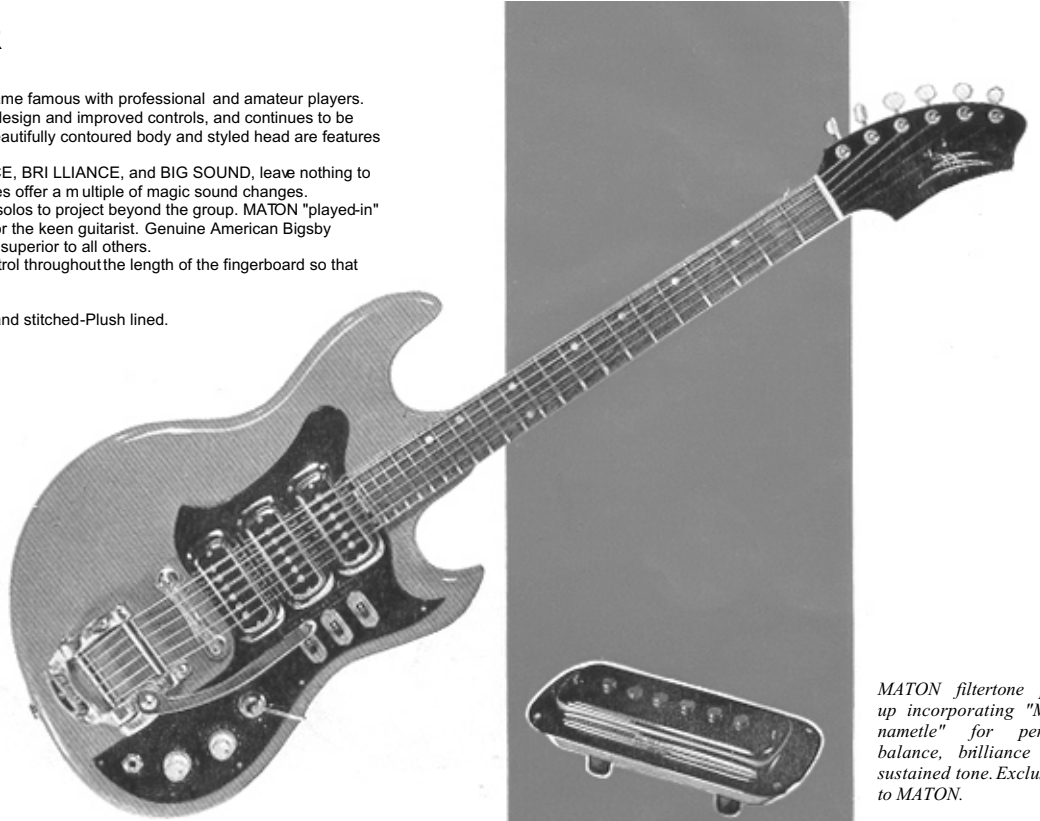

620 -The MATON Fyrbyrd Guitar has already made its name famous with professional and amateur players. Further developments have been made to this guitar by design and improved controls, and continues to be one of the most popular guitars in the solid body field. Beautifully contoured body and styled head are features of both comfort and smart appearance.

Three high-powered "Magnamette" Pick-ups for BALANCE, BRILLIANCE, and BIG SOUND, leave nothing to be desired, whilst new quick-action slide selector switches offer a multiple of magic sound changes. A special "break thru" Sound Barrier Switch allows lead solos to project beyond the group. MATON "played-in" low action fingerboard and frets are a pleasure in store for the keen guitarist. Genuine American Bigsby Tremolo Arm fitting is standard. Easy positive action and superior to all others.

New improved MATON ADJUSTABLE TRUSS ROD control throughout the length of the fingerboard so that perfect string action and intonation is guaranteed.

Colours: Fyre Red. Moon White.

Case: Deluxe plywood, imported covering. Edge-bound and stitched-Plush lined.

MATON filtertone pick up incorporating "Magnamette" for perfect balance, brilliance and sustained tone. Exclusive to MATON.

MATON VAMPYR BASS-GUITAR

400 -The introduction of the six-string Bass Guitar into the MATON range is simply a matter of demand. Here is a Bass Guitar that offers a new range of sound, an octave lower than the standard guitar, so easily handled by a guitarist. Excellent in a group or as a second instrument.

This moderate priced instrument features three high-power low frequency pick-ups controlled by a quick-action selector switch for individual and multiple use. Smooth tone change switch and volume control.

A choice of a solid brass adjustable floating bridge, or GENUINE American Bigsby Tremolo Arm is available.

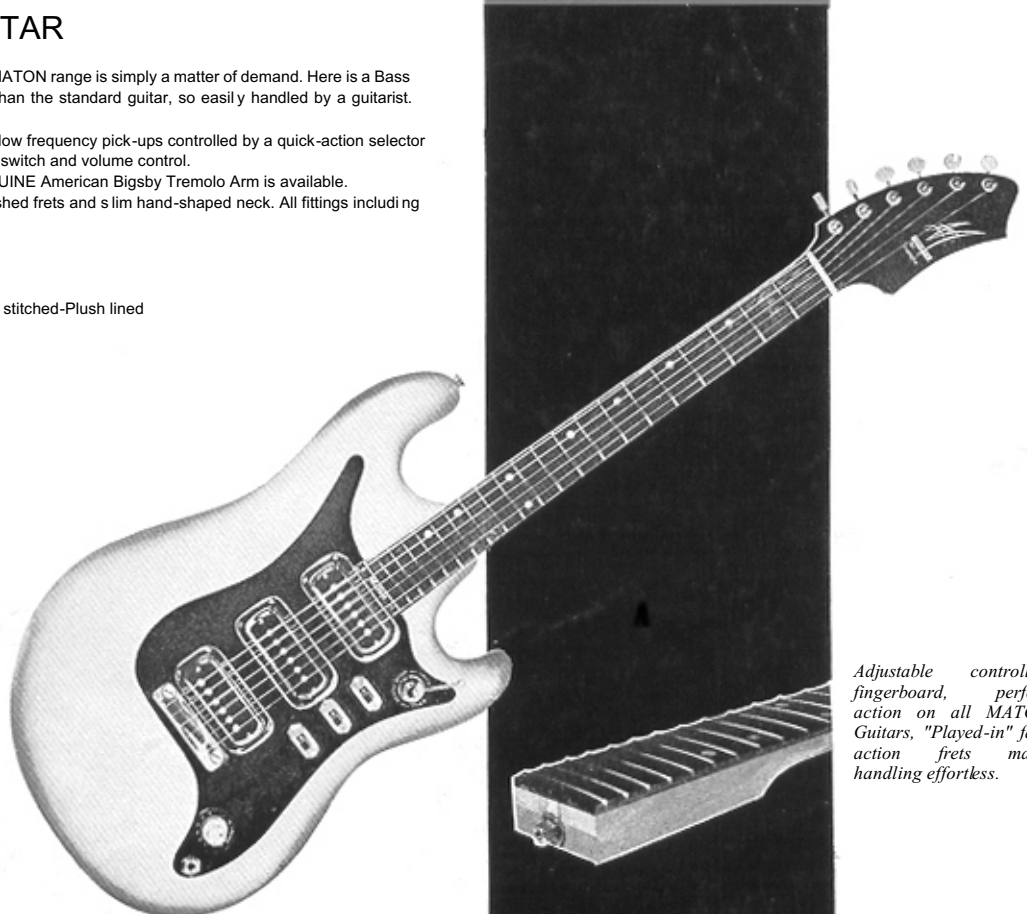

Adjustable neck from nut to end of fingerboard. Smooth finished frets and slim hand-shaped neck. All fittings including enclosed machines are heavily chrome plated.

Finish of the highest standard and hand burnished.

Colours: Blood Red. Moon White. Deep Sunburst.

Bigsby Tremolo Arm optional and extra.

Case: Deluxe plywood, imported covering. Edge-bound and stitched-Plush lined

Adjustable controlled fingerboard, perfect action on all MATON Guitars. "Played-in" fast action frets make handling effortless.
