

GEORGE GOLLA

STARLINE  
GG 22

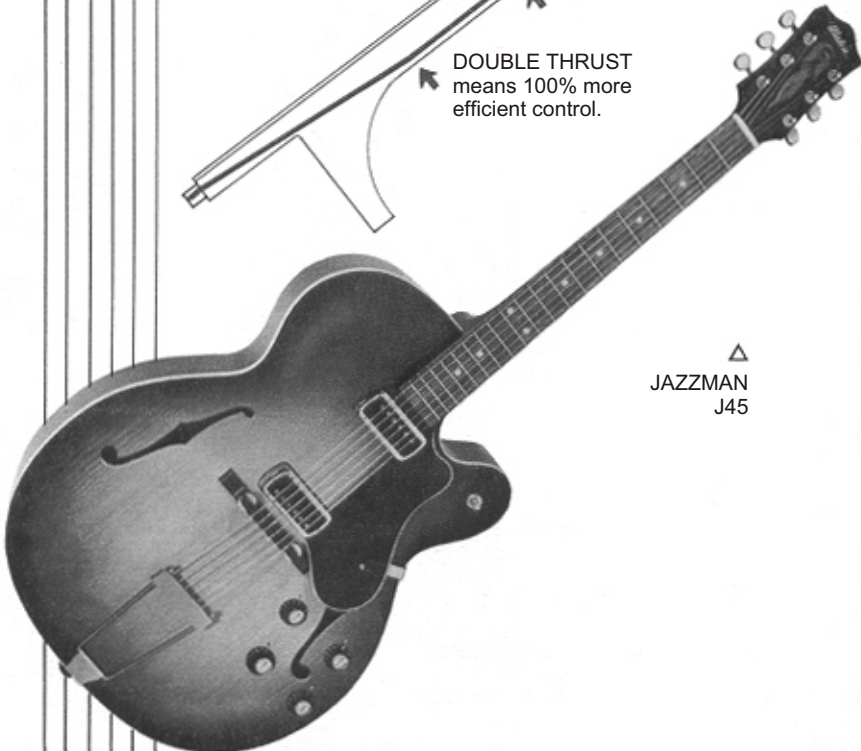

**MATON "DOUBLE THRUST" ADJUSTABLE TRUSS ROD**

Completely overcomes the problems of inferior adjustments where only one section of the neck is controlled. Maton "DOUBLE THRUST" controls the complete fingerboard from end to end. Maton neck control is your guarantee for a smooth low action.

DOUBLE THRUST means 100% more efficient control.

**STARLINE GG22 ELECTRIC GUITAR**

**GEORGE GOLLA MODEL**

A brilliant new instrument by Maton. Built to meet the exacting needs of a pro man.

When every day brings a new and fresh demand on both player and guitar, the GG 22 in George Golla's words "is really marvellous in every respect."

Twin Hi-power pickups reproducing the full range with beautiful quality sound.

Separate adjustable poles to each string. Volume, Treble and Bass and master "swell" controls. Hand shaped neck fitted with Maton "Double Thrust" Adjustable Truss Rod. Genuine ebony fingerboard and pearl inlays. Beautifully grained Rosewood head, fitted with generous engraved pearly inlays. Enclosed machines and solid brass hardware, all gold plated and enamelled for lasting protection.

Full acoustic body featuring a comfortable cutaway style.

An instrument you would be proud to own.

**Size:** 19 3/4" long, 16" wide, 3 3/8" deep or 1 1/2" thin.
